1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brad Alonsal at (312) 346-2800 on 06/08/2007.

The examiner amendment as follow:

Claim 20 is cancel.

Allowable Subject Matter

2. Claims 1-19, 21 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior art record, Burnham (US 6,968,205) teaches an apparatus, comprising:
one or more control components that connect with one or more mobile phones
one or toll-free calls placed by one or more users of one o more communication devices
to one or more toll-free number associated with the one or more mobile phones;

wherein the one or more control components route the one or more toll-free calls
to the one or more mobile phones (C3, L56-67, C4, L1-7, C7, L3-14, Fig.2 and Fig.3,
Illustrate subscriber No.200 using telephone No.165 as read on communication devices
placed toll-free call to mobile phone No.231 through at least one control components
such as landline/wireless network, MSC and BST).

However, in Burnham individual or in combination are **fails to suggest or fairly teach** wherein the one or more control components comprise a first control component and second control component, wherein the one or more toll-free calls placed by the one or more users of the one or more communication devices to the or more toll-free, numbers associate with the one or more mobile phones comprise a toll-free call placed by a user or a communication device to a toll-free number associated with a mobile phone;

wherein the mobile phone is associated with the toll free number and a standard telephone number;

wherein the second control component adds a billing record for the toll-free call to one or more billing records associated with the standard telephone number;

wherein the second control component consolidates the billing record of the toll-free call with the one or more billing records associated with the standard telephone number for an owner of the mobile phone as substantially connect and specific detail including all limitations particularly recited in claims 12.

Claims 2-8, 10, 11, 13-16, 18, 19, 21, 22 are allow as being dependent on the independent claims 1 and 12.

Accordingly, Applicant's claims are allowed for these reasons and for the reasons recited in a Remarks file on 04/24/2007 and 09/12/2006.
